

CVS Specialty®

More than medication

CVS Specialty provides specialized care and support along with your medication for complex conditions (such as rheumatoid arthritis, multiple sclerosis, HIV and cancer).

A team of pharmacists and nurses specially trained in your condition

We give you a CVS Specialty CareTeam led by pharmacists and nurses to support you 365 days a year. We'll show you how to take your medication correctly, help you manage side effects and stay on track. We also provide helpful resources at [CVSspecialty.com/EducationCenter](https://www.cvspecialty.com/EducationCenter).

A choice of pick up at CVS Pharmacy® or home delivery at no extra cost

We make it as easy as possible to get the medication you need, where you need it. You can have your medication delivered anywhere nationwide, even if you're on vacation. Or you can pick it up at any CVS Pharmacy location.*

Digital tools let you manage your prescriptions on your own time

We make it easy to manage your medications and stay on track at [CVSspecialty.com/go](https://www.cvspecialty.com/go) or with our mobile app.

What's a specialty pharmacy?

It's a pharmacy that provides specialized medication for complex conditions or medication requiring injections or infusions.

*Where allowed by law. In-store pick up is currently not available in Oklahoma. Puerto Rico requires first-fill prescriptions to be transmitted directly to the dispensing specialty pharmacy. Products are dispensed by CVS Specialty and certain services are only accessed by calling CVS Specialty directly. Certain specialty medication may not qualify. Services are also available at Long's Drugs locations. Your privacy is important to us. Our employees are trained regarding the appropriate way to handle your private health information.
