

GROUP VOLUNTARY CRITICAL ILLNESS INSURANCE BENEFIT HIGHLIGHTS

65% of American cancer survivors did not have sufficient income to cover **out-of-pocket expenses** for cancer treatment and other incurred debts **related to the illness.**¹

State Employee Health Plan

Facing a serious illness can be devastating both emotionally and financially. Major medical insurance may pick up most of the tab, but can still leave out-of-pocket expenses that add up quickly. Critical Illness insurance can provide a lump-sum benefit upon diagnosis that can be used however you choose - from expenses related to treatment, to deductibles or day-to-day costs of living such as the mortgage or your utility bills.

- Diagnosed during an applicable benefit separation period
- For which a covered person has already received a benefit payment under the policy, unless the covered illness is included in a recurrence provision
- For which a covered person has already received a benefit payment under the recurrence provision

In addition, benefits are not payable for any critical illness not included as a covered illness in your certificate.
